

Citric Acid Anhydrous

- One of the biggest Manufacturers of the World
- Ready Stock and High seas Sale

EXCLUSIVE FEATURES

- Fine Crystalline , free flowing white Powder
- Long Self life
- GMO Free
- Less oxalate and sulphate

SPECIFICATIONS

Sr No	Parameter (Determination)	Required Result
1	Identification	Confirm with test
2	Characteristics	Colour less or white, Crystalline powder
3	Content /Assay	99.5 % Min
4	Humidity /Moisture	0.5 % Max
5	Barium	Conforming with test
6	Calcium	200 PPM Max
7	Chloride	100 PPM Max
8	Iron	10 PPM Max
9	Sulphate	100 PPM Max
10	Oxalates	100 PPM Max
11	Heavy Metals , as Pb	5 PPM Max
12	Lead	0.5 PPM Max
13	Arsenic	1 PPM Max
14	Sulphate Ash	0.05 PPM Max
15	Readily Carbonisable Substances	Conforming with test
16	Organic Volatile Impurities	Conforming with test
17	UV Absorbance	Conforming with test
18	Mercury	Nil

APPLICATION

1. Soft Drink and Beverages
2. Food and Additives
3. Pharmaceuticals, personal care products and cosmetics
4. Detergent
5. Textile and Dyes
6. Polymers ,Metal Cleaning Solution and other Industrial application
