

## Product Specification Sheet

**Product Name:** Technical Urea (GNFC)

**Country of Origin:** India

### Technology:

The Technology for Technical Urea plant has been supplied by Saipem – Italy.

### Product Specification:

Sr No.	Specification	Normal (%)
1	Total Nitrogen as N (% by wt)	46% by wt. min.
2	Biuret content (% by wt)*	1.5% wt. max.
4	Moisture (% by wt)	1.0% by wt. max.
5	CAS number	57-13-6
6	UN number	1547

### Packing:

45 Kgs HDPE bags

### Applications of Technical Urea (GNFC)

- Laminates / Plywood
- Dyes, Pigments and CPC Blue
- Urea Formaldehyde Resins (UFR)
- Preparation of Diesel Exhaust Fluid (DEF)/AdBlue
- Others : Cattle Feed
